ABBREVIATIONS

SDLC=Software Developing Life Cycle

CMM=Capability Maturity Model

CMMI= Capability Maturity Model Integration

COCOMO=Constructive Cost Model

TDD=Test Driven Development

IEEE=Institude of Electrical and Electronic Engineering

XP=Extreme Programming

DFD=Data Flow Diagram

UML=Unified Modeling Language

PSEB=Pakistan Software Export Board

ADCT=Analysing Designing Coding Testing

PMP=Project Management Professional

NPV=Net Present Value

PASHA=Power Apparatus and System Homological Analysis

RMMM=RISK Mitigation Monitoring Management

FTR=Formal Technical Review

ACM=Association for Computing Machinery

HTTP=Hyper Text Transfer Protocol

SRE=Software Requirement Engineering

ERD=Entity Relationship Diagram

SRS=Software Requirement Specification

NCEAC=National Computing Education Accreditation Council

JAD=Joint Application Development

RAD=Rapid Application Development

VR=Virtual Reality

AR=Augmented Reality

FOAF=Friend Of A Friend

RUP=Rational Unified Process

IP ADDRESS=Internet Protocol address

GIF=Graphics Interchange Format

URL=Uniform Resource Locator

FDD=Feature Driven Development

DSDM=Dynamic System Development Method

SAD=Silos Affects Delivery
